RENEWED PETITION UNDER 37 CFR 1.47(a)

Sir:

Reconsideration of the decision to Dismiss the Petition Under 37 CFR 1.47(a) dated February 8, 2006, is respectfully requested. This renewed Petition is being filed on or before April 8, 2006, and for which no extension of time fees are due.

By said decision, all the elements necessary to grant the petition were present except for proof that inventor Roni Amrami received the application papers mailed to him, and that English translations of the purported delivery receipts have not been provided.

Attached please find a Certification by Jonathan Milberg attesting that he is fluent with the Hebrew and English languages and that the application papers mailed to Mr. Roni Amrami on December 11, 2005, were not picked up.

Having addressed the items raised by the Petitions Examiner in the decision dated February 8, 2006, the granting of the Petition under 37 CFR 1.47(a) is respectfully requested.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application, any patent issuing thereon, or any patent to which this verified statement is directed.

Respectfully submitted,

Martin D. Moynihan

CERTIFICATION

Sir:

I, the undersigned Jonathan Milberg, hereby declare that I am well acquainted with the Hebrew and English languages and that the attached Exhibit is the cover of the envelope that contained a copy of the application papers sent by registered mail on December 11, 2005, to Mr. Roni Amrami. By hand written notation on the envelope, it is indicated that on December 15, 2005, the envelope was "not requested" by Mr. Amrami. By stamped notation on the envelope, it is indicated that a "second notification" to Mr. Amrami was made on December 20, 2005. The envelope, and its contents, was subsequently returned to me as undeliverable.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application, any patent issuing thereon, or any patent to which this verified statement is directed.

Respectfully submitted,

 Jonathan Milberg
